GENERAL TRANSFER PROVISIONS FOR SALMON VESSEL PERMITS

Commercial Salmon Vessel Permit (SVP) transfers are allowed only under the provisions of California Fish and Game Code (FGC) Section 8239.

The fee for each transfer is \$200 and is nonrefundable. The transfer fee must be submitted with the transfer application. Payment can be made by check, money order or credit card (Visa or Mastercard). Please make checks payable to the Department of Fish and Game (Department). (FGC Section 8239(a))

SVPs must be valid with the Department before a transfer application will be processed.

The permittee cannot sell the vessel and retain the SVP. The permittee must own the vessel until the transfer has been completed. If the vessel owner sells the permitted vessel before the transfer review and approval process is completed, the permit goes to the new owner of the vessel.

Ownership of Permitted Vessel (FGC Section 8239(h))

The permittee has maintained a 50 percent or greater ownership interest in the permitted vessel for not less than 18 months prior to the date of the transfer. Exceptions to 18 month ownership requirement are vessels that are accidentally lost, stolen, or destroyed. (FGC Section 8239.1(a))

Ownership of Replacement Vessel (FGC Section 8239(g))

The permittee must have 50 percent or greater ownership interest in the permitted vessel and in the replacement vessel. When the transfer is approved, the owner of the permitted vessel will be required to submit a notarized Bill of Sale to show proof of at least 50 percent or greater interest ownership by the permittee in the replacement vessel.

Lien/Mortgage Holder Approval (FGC Section 8239(i))

If the permitted vessel has a lien holder or mortgage holder, an original notarized letter of approval to transfer the SVP must be submitted from the lien holder or mortgage holder.

Determination for Issuance of Replacement Vessel Permit (FGC Section 8241)

The Department shall issue the permit for use on a replacement vessel if it determines the following:

- The replacement vessel has the same fishing potential as, or less fishing potential than, the permitted vessel.
- The replacement vessel's fishing potential will not substantially increase fishing capacity over that which resulted from the operation of the permitted vessel.
- The applicant owns the replacement vessel.

Fishing Potential (FGC Section 8231(e))

"Fishing potential means the capability and capacity for harvesting salmon of a particular commercial fishing vessel. "Fishing potential" includes, but is not limited to, a rating based upon factors such as size, seaworthiness, propulsion system, hold size, and hull design.

Photographs are used to identify and compare the fishing potential between the permitted and replacement vessels. Photographs of the original bow, stern and profile identifying the vessel name, State DMV or USCG Documentation Number, or Fish and Game Boat Registration number for the permitted and replacement vessel must be submitted with the transfer application.

Proof of Vessel Ownership (FGC Section 7601)

The Department accepts the following as proof of vessel ownership:

- United States Coast Guard Certificate of Documentation;

- Out of state vessel registration.

If the permitted vessel or the replacement vessel is owned by a business, you must provide documentation stating the business entity. Acceptable forms of identification include:

- Certificate of Limited Partnership
- Statement of Partnership Authority
- Limited Liability Partnership
- Sole Proprietorship

Change of Ownership (FGC Section 8233.5)

Salmon vessel permittees must complete a Change of Ownership form FG 1384 (Rev. 01/12) when the vessel is sold. The permittee cannot sell the vessel and retain the SVP. After notifying the Department, the new vessel owner may use the vessel to take and land salmon.
